

AiResearch Club Hires Five Top Bands for Dance

The Ambassador Hotel, Los Angeles, will be the scene of the Annual Spring Dance Saturday, April 2, for employees of the Garrett Corp.'s AiResearch Manufacturing Division of Los Angeles.

Five bands, featuring the Fire House Five Plus Two and Carroll Wax and his 12-piece orchestra, will provide a varied bill of fare including Western, Latin, and Dixieland strains to suit the musical tastes of the 7000 employees and their guests expected to attend.

Five spacious ballrooms and numerous social areas have been reserved to ensure ample room for dancing and relaxing.

Sponsored by the AiResearch Employees' Club, the dance will begin at 9 p.m. The Employees' Club is a social and recreational organization made up of AiResearch employees, which sponsors dances, picnics, sports and 35 other recreational activities.

In addition, during the dance the AiResearch Employees' Club will give away 15 prizes valued at \$4500. First prize is a two-week vacation for two to Alaska.

Local Theater Group Seeking Cast Additions

Roles for a doctor, two messengers, two policemen, and a working part are open for men, and roles of two servants are open to women of the area for the forthcoming production of "Heaven Can Wait," it was reported this week.

The casting call for these parts was issued by Director Al Sturmer of the Footlight Theater, producers of the comedy-fantasy.

"This is a good chance for would-be actors with no experience to get before the footlights," Sturmer emphasized.

Rehearsals are being held each Tuesday evening at the city plunge at Madrona and Torrance Blvd. at 7:30.

Three Torrance High Teachers Get Study Aids

Three Torrance High School teachers have received summer school scholarships offered by the National Science Foundation, it was learned here this week.

Jack Knapp, instructor in physics and mathematics, will study in the field of mathematics at Highlands University, Las Vegas, N.M.

Robert McKnight, science department chairman and chemistry teacher, will undertake studies in radiation in biology at the University of New Mexico at Albuquerque.

Alfred H. Smith will attend the summer institute for high school teachers of biology at the University of Southern California.

The National Science Foundation summer institute scholarships are awarded to successful teachers to widen their scope of knowledge in their fields of instruction, according to Harold S. Widney, curriculum coordinator at Torrance High who made the announcements.
